Due to the printing deadline for TAP Classified Ad Sheet No. 2, only one ad was received in time for publication. I decided that rather than waste the space on just this one ad, I'd use the leftover space to print a complete topic index of issues 24 to 50. Many readers requested this index since we already printed an index to issues 1 to 23 in issue # 24. Our sincere thanks to Agent MDA who completed the Herculean task of not only compiling the index but typing it as well.

Ad deadline for the next ad sheet is Dec. 1, 1979.
