Tom's no good!

LOCK PICKING - free phone calls - Bugging - Explosives - Much More! Books & SUPPLIES! Former Agent tells ALL! Send \$2.00 (refundable) to: L.A.N.D.I.S., 825 Post St., #1043, San Francisco 94109.

This ad and similar ads have appeared in Soldier of Fortune and possibly elsewhere. He is guilty of ripping off TAP's copyrighted material and charging FAR MORE than our reasonable price. Tom has failed to do anything about him, so I ask SF Tappers: Beat the shit out of him, cripple him for life, or waste him. Then we'll talk.

I will not write any more for TAP until he is put out of business, one way or another.

Revolutionary Theory*

Burning anger and a desire to make revolution are not enough. What is called for is not only a commitment to fight, but to fight *consciously*--to learn and apply the science of revolution. As Lenin said, "Without revolutionary theory, there can be no revolutionary movement." The difference is that between fighting blindly or fighting consciously with your head up. The difference is that between random sparks of struggle or using a blowtorch to destroy the chains that bind us.
